

BS Elektronik Service GmbH

Webseite: www.bs-elektronik-service.de E-Mail: info@bs-elektronik-service.de

Katalog für Flexible LED- Rollen u. Zubehör

1, High quality led

2, All Strips has same color temperature. Warm white(2800-3300K), Cool white(6000-6500K).

3, All relevant component available

1), 1m Strip Kit : 1pcs 1m strip + 1pcs power connect wire + 2pcs middle connector.

2), 5m strip kit: 5m strip + driver + controller/dimmer.

3), Neutral packing, MOQ 10 reels.

4), Can add customer's logo on the package.

Webseite: www.bs-elektronik-service.de E-Mail: info@bs-elektronik-service.de

Group 2: Non-waterproof 5050/5060 Strip

Non-waterproof type

- 1, Low light degradation: up to 75% lumen maintenance after 35,000hrs operating.
- 2, Good color consistency: Tiny difference between two orders.

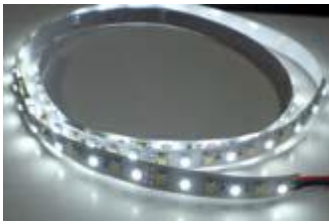

Item No	Description	LED	Length	PCB width	Voltage	Wattage	Package	Color	Productphoto
5m SMD5060 flexible light strip, 30 leds/meter, 12V/3A									
SE-5060RGB-flex-12V	non-waterproof 5m vertical strip	150pcs smd5060	5m per reel	10m m	12V	36W	1, 5m / reel. 2, 3M double-size tape on back of strip. 3, Ziplock bag. 4, drying agent	RGB

Group 3: 3-choice of waterproof type for smd led strip

waterproof type: We provide 3 types, pls select the one you need.

Item No	Waterproof technology	Advantage	IP rate	Selling Rate	Product photo
IP66	Waterproof type A: Full silicone tube encapsulation . 	Easy to be cut, good price	IP66	5%	
IP65	Waterproof type B: Epoxy resin 	Very thin; Light intensity is good.	IP65	60%	
IP68	Waterproof Type D: Full silicone tube and full epoxy resin 	Fully waterproof, light intensity is good Latest technology!	IP68	35%

Quotation of 1m strip Kit (IP65)

Advantage:

- 1, 1m strip with necessary middle connector and power connector
- 2, 2pcs strip can be connected easily, need no extra tools.
- 3, End users can use to meet any length according to their needs.

Item No	Content	Color	Blister Package	Normal Package
SE-3528x30-IP65	1), 1m 3528 strip, 6 led/m, 12V, IP65 Epoxy resin waterproof 2), 2pcs middle connector (strip to strip) 3), 1pcs 20cm end connect wire with DC connector (drive to strip)	WW/W	AUF ANFRAGE	
		R/G/B/Y		
SE-5060x15-IP65	1), 1m 5050 strip, 30 led/m, 12V, IP65 Epoxy resin waterproof 2), 2pcs middle connector (strip to strip) 3), 1pcs 20cm end connect wire with DC connector (drive to strip) or controller-to-strip for RGB Strip	R/G/B/	AUF ANFRAGE
